It is difficult to give in a dozen lines the reasons why TARRANT'S SELTZER APE. RIENT should be preferred as a corrective and siterative to every other medicine in use. Firstly, it sllays fever; secondly, it cleanees the bowels without violence or pain; thirdly, it topes the stomach; fourthly, it regulates the flow of bile; fifthly, it promotes healthy perspiration; sixthly, it relieves the system from unwholesome humors; seventhly, it tranquilizes the nerves; eighthly, it acts upon the blood as a depurent; and lastly, it forms one of the most delicious cooling draughts that ever passed down the throat of an invalid.
